King Solomon's Mines (1885) is a popular novel by the English Victorian adventure writer and fabulist Sir H. Rider Haggard. It tells of a search of an unexplored region of Africa by a group of adventurers led by Allan Quatermain for the missing brother of one of the party. It is the first English adventure novel set in Africa, and is considered to be the genesis of the Lost World literary genre

King Solomon's Mines - Wikipedia

The Norse mythology, preserved in such ancient Icelandic texts as the Poetic Edda, the Prose Edda, and other lays and sagas, was little known outside Scandinavia until the 19th century. With the widespread publication of Norse myths and legends at this time, references to the Norse gods and heroes spread into European literary culture, especially in Scandinavia, Germany, and Britain.
