During the Golden Age of Islam, especially during the 9th and 10th centuries, mathematics saw many important innovations building on Greek mathematics. The most notable achievement of Islamic mathematics was the development of algebra. Other notable achievements of the Islamic period are advances in spherical trigonometry and the addition of the decimal point to the Arabic numeral system.

Learners are expected to have achieved GCSE Mathematics at grade 4 or above (Grade C) before working towards this qualification. It is intended for use in a wide range of settings, including learners working towards the new City & Guilds TechBac® programme. Because Level 3 Core Maths is designed to be a two-year programme, the next assessment opportunity will be in the summer of 2018.

Using and Applying Mathematics qualifications and training

Finite Mathematics, Eleventh Edition by Lial, Greenwell, and Ritchey, is our most applied text to date, making the math relevant and accessible for students of business, life science, and social sciences. Current applications, many using real data, are incorporated in numerous forms throughout the book, preparing students for success in their professional careers.
