The Beat Generation was a literary movement started by a group of authors whose work explored and influenced American culture and politics in the post-war era. The bulk of their work was published and popularized throughout the 1950s. The central elements of Beat culture are the rejection of standard narrative values, making a spiritual quest, the exploration of American and Eastern religions ...

The sculptor quite literally "forms an appearance". That was the original sense of bilden and slowly, it shifted away the focus from the whole notion (copied) appearance notion and moved toward create, evolve. By the way, you might be wondering if there are any English relatives. At first, I was like "This is probably related to to build", because of the sound and the whole forming ...
