Multidimensional Man The Super Powers

Mental experience involves the aspect of intellect and consciousness experienced as combinations of thought, perception, memory, emotion, will [citation needed] and imagination, including all unconscious cognitive processes. The term can refer, by implication, to a thought process. Mental experience and its relation to the physical brain form an area of philosophical debate: some identity ...

Virginity is the state of a person who has never engaged in sexual intercourse. There are cultural and religious traditions that place special value and significance on this state, predominantly towards unmarried females, associated with notions of personal purity, honor and worth. Like chastity, the concept of virginity has traditionally involved sexual abstinence.
