

film editing great cuts pdf

Film editing is a technical part of the post-production process of filmmaking. The term is derived from the traditional process of working with film which increasingly involves the use of digital technology.. The film editor works with the raw footage, selecting shots and combines them into sequences which create a finished motion picture. Film editing is described as an art or skill, the only ...

Film editing - Wikipedia

Although the start of the history of film is not clearly defined, the commercial, public screening of ten of Lumi re brothers' short films in Paris on 28 December 1895 can be regarded as the breakthrough of projected cinematographic motion pictures. There had been earlier cinematographic results and screenings but these lacked either the quality or the momentum that propelled the ...
