IZA Discussion Paper No. 1925 January 2006 ABSTRACT The Social Impact of Globalization in the Developing Countries In this paper an ex-post measurable definition of globalization has been used, namely

The Social Impact of Globalization in the Developing Countries

Economic globalization is one of the three main dimensions of globalization commonly found in academic literature, with the two others being political globalization and cultural globalization, as well as the general term of globalization. Economic globalization refers to the widespread international movement of goods, capital, services, technology and information.

Economic globalization - Wikipedia

Globalization or globalisation is the process of interaction and integration among people, companies, and governments worldwide. As a complex and multifaceted phenomenon, globalization is considered by some as a form of capitalist expansion which entails the integration of local and national economies into a global, unregulated market economy. ...

This paper examines the impact of the current Western financial sanctions on the Russian economy. Modeling the capital flow components (accounting for the influence of other factors, including falling oil prices) reveals that sanctions have directly affected sanctioned state-controlled banks, oil, gas and arms companies by severely constraining foreign funding and have indirectly affected non ...
