Politics (from Greek:  $\text{πολιτική}$ , translit.  $\text{Politikḗ}$ , meaning "affairs of the cities") is the process of making decisions that apply to members of a group. It refers to achieving and exercising positions of governance—organized control over a human community, particularly a state. The academic study focusing on just politics, which is therefore more targeted than all Political science ...

Political Power. We demand independent Black political power and Black self-determination in all areas of society. We envision a remaking of the current U.S. political system in order to create a real democracy where Black people and all marginalized people can effectively exercise full political power.
