Our Common Future, Chairman's Foreword "A global agenda for change" - this was what the World Commission on Environment and Development was asked to formulate.

### **Our Common Future: Report of the World Commission on**

Posthuman or post-human is a concept originating in the fields of science fiction, futurology, contemporary art, and philosophy that literally means a person or entity that exists in a state beyond being human. The concept addresses questions of ethics and justice, language and trans-species communication, social systems, and the intellectual aspirations of interdisciplinarity.

Thanks for coming! Future Generations is a super-selective site. We don't try to include everything about eugenics—there are other websites for that (see Links). We respect people who visit us and we don't waste their time.

### **Eugenics - Future Generations**

Human behavior is known to encompass anticipation of the future. Anticipatory behavior can be the result of a psychological outlook toward the future, for examples optimism, pessimism, and hope.. Optimism is an outlook on life such that one maintains a view of the world as a positive place.

In recent years, information technology has had a profound effect on human resources (HR) processes and practices. However, relatively little research has examined its effectiveness, and most of the existing studies have not assessed the degree to which these new systems enable organizations to reach their HR goals of attracting, motivating and retaining employees.
